

Want Utility Rebates?

In Collaboration with **Pacific Gas And Electric Company (PG&E)**

**FPSIE Presents An Opportunity To Swimming Pool Pump And Motor Installers
Become Utility Certified And Participate In The Variable Speed Pump Rebate Program**

Learning Objectives

- Learn what tools are needed and the importance of performing an energy audit on the present equipment
- Learn about electric power - what is it, how do you measure it, and how do you maximize the savings for your customer
- Learn about hydraulics - what role does it play in energy efficiency and how to calculate its effect on energy efficiency
- Learn sales and marketing tips for Variable Speed Pumps (VSP)
- Learn about VSP complementing products that can increase savings
- Learn about the rules & operation specifications that your utility company requires

Course Details

- Full Day Presentation
- Registration/continental breakfast 8:00 - 8:30
- Course Hours 8:30 - 4:30

PG&E Installer Incentives

- In 2014, PG&E paid almost \$1 million to pool pump installers for the installation of 5,000 qualifying pool pumps. Let's double that and make it \$2 million in 2015!

The first 35
registrants receive
\$149 Scholarship
at each location!

Course Cost: \$199 - \$149 = \$50

Upcoming Session

SCP—Clovis

September 9, 2016
100 Park Creek Dr
Clovis, CA 93611
